

PRODUCT	TYPE
PediSpa	Curve

**Description:**

This PediSpa model features an impressive dynamic and elegant design, as well as high-quality workmanship. The height-adjustable foot section and the tiltable and removable head section are easy to handle and also make work easier. Made from the best materials, the PediSpa Curve is a real highlight for every spa, whether in the Basic or Comfort equipment version. With optional extras such as heated seats, pipeless foot massage, as well as auto-filling, the PediSpa Curve Comfort meets your customers' highest demands for exceptional treatments.

**Key Features:**

The seat, which can be moved forwards and backwards a total of approx. 17 cm and the forward-inclinable head section, ensure perfect seating comfort. In addition, the head section can also be removed. This way the PediSpa Curve is perfect for use with all hair treatments. The armrests swivel to the rear and can also be removed; The backrest can be tilted back by up to 75° – ideal for cosmetic treatments.

Length of base (retracted): 120 cm approx. // total width inclusive armrests: 80 // width of base: 70 cm approx.
